## Executive Summary

This report presents in Appendix A the CHAMPUS Catastrophic Quarterly Payment Report for the Third Quarter, Fiscal Year (FY) 1993. For each of the Health Services Command (HSC) thirty-eight Gateway catchment areas, Privacy Act protected patient cases having CHAMPUS claims totaling more than the catchment area's specific FY 1993 catastrophic cutoff amount are listed with the changes in their net claim payments between the reported and prior quarters. Each Payment Report includes the following for each patient: (1) the patient unique Inpatient Record Number; (2) the last hospital ending date on record; (3) the last hospital and professional services voucher payment dates; (4) an indicator of whether the case involved a consolidation of hospital stays due to FI adjudication action; (5) the DRG and diagnosis codes and their shortened names; (6) number of days spent in the hospital; (7) number of professional services; (8) patient age, sex and beneficiary category; (9) the catastrophic amounts above the site's specified catastrophic cutoff amount as of the first and last days of the reported quarter; and (10) the difference of these two catastrophic totals which equals the catastrophic net payment made for each patient during the quarter. Table 1 at the end of this Summary contains the CHAMPUS Catastrophic Quarterly Payment Schedule and lists the summary totals of each catchment area's number of catastrophic cases and catastrophic totals from the Payment Reports, summing over all catchment areas for the quarter.

Only cases with CHAMPUS claim payment totals exceeding the catchment area's catastrophic cutoff amount are presented. Each cutoff amount is noted in the footnote area on the catchment area's output in the Catastrophic Payment Report (Appendix A, pp. A-1-59) and on the CHAMPUS Catastrophic Payment Schedule (Table 1). The specific cutoff amounts used for each of the Gateway sites and the methods used to derive them were reported in the Health Services Command Publication Fiscal Year 1993 CHAMPUS Catastrophic Case Limits, Gateway Catchment Areas, RP 93-009, DTIC: AD A262 324, February 1993. Quarterly catastrophic payment amounts are the differences between the most recent and the prior quarter's CHAMPUS catastrophic claim totals. A negative payment amount represents net recoupment actions/adjustments during the quarter. First Quarter FY 1993 quarterly catastrophic payment amounts for the thirty-eight sites were reported in the Health Services Command Publication CHAMPUS Catastrophic Payments For The First Quarter, Fiscal Year 1993, Gateway Catchment Areas, RP 93-011, DTIC: AD A262 459, February 1993, with Second Quarter FY 1993 payment amounts reported in the Health Services Command Publication CHAMPUS Catastrophic Payments For The Second Quarter, Fiscal Year 1993, Gateway Catchment Areas, RP 93-016, DTIC: AD A264 412, April 1993.

Finding the status of any catastrophic patient case from quarter to quarter is accomplished by comparing the Inpatient Record Numbers (INPT RCD #'s) from previous quarterly reports with those on the current Catastrophic Payment Report (Appendix A). If the Inpatient Record Number is on both the previous report and the current one, the catastrophic patient had positive or negative net claims in at least one of the quarters and is a continuing catastrophic case. Otherwise, a catastrophic case can appear to be newly added or dropped when compared with a previous report depending on whether a case surpasses or drops below the catastrophic cutoff for that catchment area, and whether or not claim payment activity took place during the reporting quarter. For example, on the Second Quarter FY 1993 Catastrophic Payments Report, Fort Campbell MEDDAC catchment area had four CHAMPUS patient cases qualified as catastrophic under Campbell's \$96,000 FY 1993 catastrophic case limit (RP 93-016 as listed above, p. A-13). To be included in that report, each of those four cases had government claim totals of \$96,000 or more as of 31 Dec 1992 and/or 31 Mar 1993, and each case had experienced some change in total net claims between the two dates. The Third Quarter FY 1993 Catastrophic Payments Report presented in Appendix A of this publication shows Fort Campbell again with four patient cases, all having at least one catastrophic total above Campbell's catastrophic case cutoff amount and a change in claim totals between 31 Mar 1993 and 30 Jun 1993 (p. A-13). Three of the previous quarter's four CHAMPUS patient cases reappeared on the third quarter report. The other case from the second quarter (INPT RCD # 92121100001167, Current Hospital End Date 19 Oct 1992, DRG Code V3) was likely omitted from the third quarter report due to payment inactivity between the two quarters; this patient case may again appear on upcoming Catastrophic Payments Reports should catastrophic payment totals between quarters for the case increase or decrease. The third quarter report also shows that, along with the three continuing cases from the previous quarter, there is one "new" catastrophic case for Fort Campbell (INPT RCD # 93051100001294, Current Hospital End Date 26 Mar 1993, DRG Code V3). As listed on the report, the catastrophic payment total for this new case as of 31 Mar 1993 was \$0, meaning that it did not have claims totaling at or above Campbell's \$96,000 catastrophic case cutoff amount as of that date. By 30 Jun 1993 however, the end of the third quarter, this patient case had government claim payments totaling \$68,505 over Campbell's case limit, as shown under the 30 Jun 1993 catastrophic totals column (p. A-13).

Table 1 at the end of this Summary (p. 4) contains the Third Quarter FY 1993 CHAMPUS Catastrophic Quarterly Payment Schedule and lists the summary totals of each catchment area's number of catastrophic cases and catastrophic totals from the Payment Report for the quarter. Each site's FY 1993 cutoff amount is additionally listed. Table 1 shows that CHAMPUS catastrophic re-insurance payments for the Third Quarter had lows of \$-38,787 at the Army Health Clinic at Letterman with two catastrophic cases and a cutoff amount of \$151,000, and at Fort Rucker MEDDAC where

payments were \$2,544 for five cases at a cutoff of \$78,000. At the high end of the range, Fort Carson MEDDAC with a \$48,500 cutoff amount had 33 cases on its Payment Report and catastrophic re-insurance payments of \$746,642, while Womack AMC at Fort Bragg MEDDAC had \$673,441 in payments and 48 patient cases with its \$28,500 case limit. Quarterly catastrophic payments for the Third Quarter FY 1993 totaled to \$8,241,768 over all Gateway sites and included care for a total of 520 catastrophic patients.

Technical Note. The following Tri-Service CHAMPUS Statistical Database Project (TCSDP) data were utilized for report:

- A) Composite Institutional Record (CIR) V2.0
- B) Composite Professional Record (CPR) V1.0
- C) TCSDP Indexing Logic Module #C3B33.
